Mesa Engineered Tank Products Announces Exclusive Distribution Agreement in China

Cincinnati, OH – August 27, 2015 Mesa Engineered Tank Products (<http://www.mesaetp.com>), a worldwide manufacturer of Aboveground Storage Tank Products, is proud to announce an exclusive agreement has been made with Garlock (<http://www.garlock.com>), an EnPro company, to distribute throughout China.

Effective September 30, 2015, the agreement entitles Garlock exclusive distribution rights of Mesa ETP products in China. “Garlock is a global leader in sealing solutions across many industries; they have an extensive network and foundation in China and are a perfect fit to represent our products,” said Terry Segerberg, CEO Mesa Industries.

“We are excited about this partnership with Mesa ETP in China. Mesa is a leader in storage tank emission solutions and flexible piping products. With China’s drive to control VOC emission, we see great synergy for Garlock and Mesa to work together in China to provide high performance sealing products, engineering expertise and local service to customers in China,” said Stan Chen, Vice President Garlock China.

About Mesa Engineered Tank Products

Mesa ETP is a leading manufacturer of products for refineries, terminals and storage tank facilities with nearly fifty years’ of experience delivering quality, American made products. Mesa ETP is a division of Mesa Industries, a certified women-owned business through the Women’s Business Enterprise National Council (WBENC) with headquarters in Cincinnati, OH and additional offices in Houston, TX and Monrovia, CA.

About Garlock

The Garlock family of companies is the global leader in high-performance fluid sealing and pipeline protection products for industry and infrastructure. Operations include 20 global sites employing more than 1,500 people and a distributor network that covers 75 countries.
